

#10 Quote Text Over Image Not Visible on Mobile View

Description

In the about us page a quote "We like to best every pleasure to be welcomed and every,etc,." is placed over a group image within a carousel on the homepage. While the texts appear correctly on desktop view, it becomes invisible on mobile view. The texts are present in the DOM but not displayed due to overridden responsive styles.

Steps to Reproduce

1. Go to the website <https://linkstalent.com/>
2. Switch to a mobile device view and Scroll to the "About Us" or carousel section with the group photo.
3. Observe that the quote text is no longer visible.

Expected Result

- The quote text should remain visible and readable on all screen sizes. Overlaid with proper contrast

Actual Result

- The quote text is present in the code but is not rendered visually on mobile screens.
- It seems to have no style or is displaced due to layout issues.

#11 Broken Floating Image in "Our Geographic Reach" Section

Description

In the "Our Geographic Reach" section of the Link Talent website, the floating images are not rendering correctly. Instead of displaying the image, the browser shows the alt text "Floating Image," indicating a missing or broken image URL.

Steps to Reproduce

1. Navigate to the Link Talent website.
2. Scroll down to the "Our Geographic Reach" section.
3. Observe the floating icons
4. Notice that one image is missing and the text "Floating Image" is displayed instead.

Expected Result

- The floating images in the "Our Geographic Reach" section should render correctly.

Actual Result

- The image fails to load, and only the alt text "Floating Image" is displayed.

#12 Inconsistent Text Color in Contact Info (Location Section)

Description

In the Contact Info section of the footer, the text color of the “Location” block appears to be lighter and less visible compared to the Inquiry (Phone) and Email sections above it.

Steps to Reproduce

1. Scroll to the footer section of the website.
2. Compare the text color of +971 6566 3390 (Inquiry), info@linkstalent.com (Email), Suite 903, Clock Tower Office Building... (Location)
3. Observe that the Location text is less bright or prominent.

Expected Result

- All contact information items (Inquiry, Email, Location) should have a consistent text color

Actual Result

- The Location text (Suite 903, Clock Tower Office Building, Sharjah - UAE) appears dimmer.
